

**Support Companies
that PROCESS &
PROMOTE U.S.
Sustainably Caught
Fish**

As our “all U.S. caught & processed” branded products (www.seafarepacific.com) continue to grow in the marketplace, so does our desire to build more long term relationships with quality family owned fishing boats.

We process either Fresh, Bled Brine and Blast Fish at our facility in Charleston 51 weeks out of the year.

We prefer to unload at our company owned hoist in Charleston but can accommodate up North (a few different options available).

Blast Boats: We are also an unloading station for a couple of buyers. This should help with competitive blast fish pricing on the southern Oregon coast – contact Mike for more information.

Our Co-Pack and Private label processing (custom canning and custom pouching) continues to grow, please contact Jimmy to discuss process options:

Oregon Seafoods
(541) 266-8862 x4
6331 Charleston Rd.
Charleston, OR 97420

To sell your fish, please contact Mike Babcock: (541) 913-1050

We Appreciate Your Support!
