

## 2016 Pacific NW Albacore Season, You & Oregon Seafoods

We are in the process of completing our new processing facility in Charleston, OR (which is just around the corner from our unloading dock).

Our freezer is in and fully operational which will allow us to hold a greater amount of fish both for our own branded products and our co-pack customers.

**As our “all U.S. caught & processed” branded products ([www.seafarepacific.com](http://www.seafarepacific.com)) continue to grow in the marketplace, so does our desire to build more long term relationships with quality family owned fishing boats.**

We are in the market for **fresh, bled brine** and **blast fish**. We prefer to unload at our facility in Charleston but can accommodate at a few different ports.

For custom processing, please contact Jimmy:

Oregon Seafoods  
(541) 266-8862 x4  
723 S. 2<sup>nd</sup> Street  
Coos Bay, OR 97420

To sell your fish, please contact Mike: (541) 913-1050
